Copy and paste the Share Email below to share the Umergency \$18K+ Challenge with your friends, colleagues, and family:

Hi,

Will you help my (**sorority OR fraternity**)? We're participating in the Umergency \$18K+ Challenge to help promote on-and-off campus safety nationwide. I didn't know it, but nearly 1 in 4 college students end up in the ER every year. Many colleges have campus safety apps. But Umergency, the award-winning Emergency, Health & Safety App for College Families, can be used *anywhere, anytime*.

We are competing to gather the most amount of Umergency App signups so we can win a cash prize for our partner philanthropy, [**your partner philanthropy's name**]. I'd love it if you could help us out by downloading the Umergency App and signing up for a subscription (it's free for students). Make sure to include this special promo code, [**YOUR ORGANIZATION'S PROMO CODE**], so we get credit for your signup. Please share this with your friends and family, and have them share as well - Thank You so much!
